EDUCATION

University of Edinburgh
MSc Speech and Language Processing   2015
Class: Distinction

Dissertation: Unsupervised speech segmentation for zero-resource applications

Courses included:
- Automatic Speech Recognition
- Speech Synthesis
- Natural Language Understanding
- Machine Translation
- Applied Machine Learning
- Computer Programming
- Semantic Web Systems
- Univariate Statistics

Selwyn College, University of Cambridge
BA (Hons) Linguistics   2013
Class: 2.i

Completed a wide range of studies across all areas of linguistics, with interests especially in phonetics and computational linguistics.

Additional courses: MML Certificate in Dutch, Introduction to Yiddish

Sandown High School

A-levels: Maths (A), Physics (A*), French (A*), English Language (A)   2010
AS-levels: Further Maths (A), Fine Art (A)

EXPERIENCE

Nuance Communications
Speech Scientist   Nov 2015–Present

Google (via Adecco)
Speech Data Evaluator   Jan–Aug 2014

Processed linguistic data to improve speech synthesis and automatic speech recognition quality for British English.

- Phonemic transcription of lexicon entries using in-house systems
- Transcription of acoustic data following text normalisation guidelines
- Quality control for similar work carried out by external vendors
- Devising transcription guidelines for new domains
- Analysis of ASR system output errors

Cambridge Bilingualism Network   Sep–Oct 2013

Encoded a large number of paper surveys on child bilingualism into Excel.

SKILLS

Technical
- Experience programming in Python, some Bash scripting
- Acoustic analysis using Praat, Wavesurfer
- Statistical analysis using R
- Comfortable with OS X and Linux operating systems
- Typesetting using LaTeX

Languages

English: Native speaker
French: Strong reading/writing skills, conversational spoken
